Notes:

Prices include GST, pre-wedding consultation and shoot planning, plus a DVD of edited images, which are available within 1-2 weeks of your wedding. Prices also include an assistant, giving you two creative shooters to document all the details of your wedding, including candid shots of the event and guests etc.

You will receive a combination of colour and black and white images on your DVD. The files on the DVD are of high resolution, between 24 - 36 Megabytes each when opened and are print ready (colour, contrast etc adjusted). You will also receive copies of the images sized for the internet, facebook etc. All files are provided as compressed JPGs except for any re-touched images, which are provided as non-compressed TIFFS (best quality for possible enlargements).

Re-touching is done on request and is not included in the photography fee. This can include removing blemishes, lightening lines and eye bags, improving skin tone and other general enhancements.

Jacqui Blanchard WEDDINGS

Each album is handmade in New Zealand using the finest materials, and printed on archival quality papers.

Our standard albums come with a Bengaline Fabric cover, however we are happy to accommodate any special requests with regard to album style (Priced on request).

Digital story book, or matted pages are presented in a custom designed album.

To see all the possibilities please visit the Queensberry website;

www.queensberry.com

or come and see me and we can talk it through with you.
